New billing Process!!!

We get the challenges of billing and we're always looking for ways to increase the efficiency of our clients invoicing system. We are currently offering our clients the opportunity to have emailed invoices and ACH Payments. A fast and efficient way to receive all your invoices and make payments in a timely manner without it getting lost or delayed in transit. Email is rapidly becoming the preferred method of communication, and the public expectation of how we interact is constantly changing. We want to make sure that we meet those expectations. Emailing invoices is a great way to connect with your patients and improve your services. Using this opportunity will show your commitment to excellence! If you would like your company to be set up through emailed invoices please contact our billing department to payables@drug-screen.com; Odessa.billing@drug-screen.com or contact our office for details at 432-332-9421
