### **Fentanyl and Rising number of Deaths!**

Many Americans continue to die daily due to Polysubstance overdose. Polysubstance drug use occurs with exposure to more than one drug, with or without the person's knowledge. In this case Cocaine and Methamphetamine has been found to be laced with FENTANYL all around the country. Across the United States we hear about people dying after unwittingly consuming cocaine laced with Fentanyl and surprisingly, some people take both knowing that it could be deadly. The addiction is so strong that they know Fentanyl is a sedative and are having difficulty staying awake, so people are using stimulants with the fentanyl just to be able to do life. In 2021 nearly, 80 percent of 24,486 cocaine overdose deaths in the US involved an opioid. Unfortunately, people don't realize how strong and potent FENTANYL is and the damage it can cause. This is why we offer multiple drug testing panels that include fentanyl testing. Employers now is the time to get your employees tested and help keep your staff drug free. Let's help our community, family, friends, and coworkers away from drugs. For additional information please contact our corporate office to 432-332-9421.

**Let us help you with your testing needs!!!**

**Rapid Drug Test Available!!!!**

Rapid Drug testing is, simple, immediate, and inexpensive. It is a great solution for private companies, institutions, and schools that perform pre-employment, drug testing or wish to test existing employees. Also, it can be difficult to watch our loved ones struggle with unhealthy habits. In order to provide the needed support to help them overcome those unhealthy habits, these rapid drug tests can give us a place to start and a tool to monitor their progress. We currently offer 6 and a NEW 12 panel rapid drug test that includes FENTANYL at all our 6 locations where results can be given to you within minutes!
