VOLUME 57 **OCTOBER NEWSLETTER 2023** ISSUE 06

Are you in compliance with the U.S Department of Transportation?

Running a DOT-compliant drug and alcohol testing program doesn't have to be complicated. From random testing requirements to handing positive results, to having to report all of it to the new FMCSA Clearinghouse system can be as easy as a call away. There are many rules that the U.S Department of transportation requires to keep compliant and the main one is being in a Random drug and alcohol consortium; Random testing is required and is a huge component of the DOT requirements for drug and alcohol testing. All the DOT agencies, owner operators are **REQUIRED** random drug testing of the employees covered by their regulations. This will help keep you out of fines and headaches surviving your audits. This will not only help you legally but also creates deterrence and it gives you a peace of mind that your company is working properly, efficiently and drug free! There are multiple steps in the event that one of your employees test positive in their DOT drug test like finding a SAP, or being able to report it to the clearing house. Let us guide you in the right direction and help keep you and your company in compliance. If you would like further information on getting your company set up today please contact our office to 432-332-9421.

Red Ribbon Week!!!

In 1988, NFP sponsored the first National Red Ribbon Celebration in honor of US DEA who went by the name of Enrique 'Kiki' Camarena. He faced brutal torture and was murdered later by the hands of a Mexican drug cartel when he uncovered a vast-scale drug operation. Every year, hundreds and millions of people from all around the world get together and take a stand in remembrance of 'Kiki' and against drug use. Today the Red Ribbon serves as a catalyst to mobilize communities to educate youth and encourage participation in drug prevention activities. Students must learn the historical events that led to what we know as Red Ribbon Week. This will help give an appreciation for the week and realize that we can all do our part if the fight against illegal drugs.
