1966-2023 Excellent Service at Lou's Clinical Lab/ DSC

When Lou Linneman opened his own lab in 1966, he started a company that he would still be proud of today. We can't help but be grateful for the business he has excelled in the drug testing industry for the last 35 years. We are the oldest, most experienced drug testing company in West Texas and work with companies all over the nation. Not only do we perform drug testing but have also expanded our services by performing physicals, audiograms, mask fit test, Lab work, and a highly experienced random department that will report to major auditors and operators. We provide onsite services for drug testing and flu shots with experienced professionals who provide their knowledge and gives your business a smooth process while performing any procedure. Drug Screen Compliance has come a long way, and we want to thank all our clients for trusting us with your business. You've helped shape our business to who we are today. We strive for excellence and always take that extra step to ensure your company meets all expectations. Allow us to handle all your drug testing needs and help keep your company in compliance with auditors and operators. Please set your company up today and give our team a call!

Have a Safe and Happy Holidays!

President: Stephen Linneman.

For our current clients please remember the cut off dates for our Quarterly randoms must be completed by Friday December 22nd to ensure your company keeps compliant.
