VOLUME 58 **JANUARY NEWSLETTER 2024** ISSUE 11

You cannot be Audit proof, but you can be audit secure with Drug Screen Compliance and our experts in the compliance department !

Employee drug use has become a huge safety hazard; over half of workplace accidents are caused by employee drug use, and U.S. businesses lose billions of dollars a year to drug and alcohol abuse! The trickiest part of all is that employees under the influence of drugs are incredibly good at hiding their addiction. Employers are strongly advised to take action and follow a RANDOM drug test program which is a computer-generated random selection process. This process is a strong deterrent to drug users because it is conducted on an unannounced basis. Employers ensure that there is no bias and that all employees have an equal chance of being selected, even those who have been drug tested recently. If you would like to ensure that your company stays free of accidents 0 to 365 days a year due to drug abuse, Random drug testing is the way to go. Drug users don't want to work for a company that actively tests. By promoting the fact that you perform random drug tests, you're weeding out the candidates you don't want. Random drug testing is an important safety measure every employer should take! We have an amazing Random program that not only helps keep your company drug free but also reports to all major auditors and operators. We perform any audit that your company can get hit with and if you are needing a specific test panel to comply with a certain operator we can create one for you! Don't hesitate and call us today and have your company set up today!!

The #1 Killer in America!!

Fentanyl is still the leading cause of overdose death in America over 111,000 people have died due to overdose in 2023. Fentanyl is involved in 70% of those deaths. Fentanyl is everywhere and laced with other drugs causing more deaths than any other drug around. We offer a 12-panel rapid drug test and lab base test that includes Fentanyl testing! Get you, your family, or staff tested today and keep your loved ones drug free.
