Fentanyl Leading cause of Overdose deaths in the US!!!

Fentanyl and other opioids are fueling the worst drug crisis in the history of the United States. More than 1,500 Americans per week die from taking some type of opioid, making the drug by far the leading cause of fatal overdoses in the country. In recent years, the crisis has become defined by illicit fentanyl, an extremely lethal synthetic opioid. Since fentanyl is so strong and cheap to make, dealers add it to other, more expensive drugs to cut down on their costs. Fentanyl has been found to be laced into essentially every black-market drug, including cocaine, heroin, Xanax, oxycontin and ecstasy which makes it an even more dangerous drug, users don't even know what they are taking until it's too late. It takes only 2 mg of fentanyl to cause sudden death and can be a lethal dose. When someone takes fentanyl without realizing it, they often find themselves in mortal danger. This is why we have created new testing panels that include Fentanyl testing including rapid cup test that provides a result within minutes of taking the test. Unfortunately, fentanyl is spreading in our community and coming for our younger generations. Help keep yourself or your family safe and prevent your loved ones go through a situation like this. Employers now is the time to act and ensure that your company is Drug Free and in good standing. If you would like additional information, please contact our office to 432-332-9421.

Rapid Drug Test Available!!!

Rapid Drug testing is, simple, immediate, and inexpensive. It is a great solution for private companies, institutions, and schools that perform pre-employment, drug testing, or wish to test existing employees. Also, it can be difficult to watch our loved one's struggle with unhealthy habits. To provide the needed support to help them overcome those unhealthy habits, these rapid drug tests can give us a place to start and a tool to monitor their progress. We currently offer 6 and a NEW 12 panel rapid drug test that includes FENTANYL at all our 6 locations where results can be given to you within minutes!
