BEWARE of National Marijuana Day!!!

National Marijuana Day (4/20) is right around the corner, and we would like to keep you informed about the dangers of the most commonly abused illegal drug in the U.S. Those who support its legalization, for medical or for general use, fail to recognize that the greatest costs of marijuana are not related to its prohibition; they are the costs resulting from marijuana use itself. Marijuana is currently the leading cause of substance dependence other than alcohol in the U.S. and was accounted for 52.5 million of our population. This means that about 15% of Americans are suffering from marijuana abuse or marijuana dependence. It is well known that cannabis itself is very addictive as it releases dopamine. Many people who try it once, try it again and again until it does not work anymore; afterwards, they find a substance that is stronger and can get a high faster, becoming addicted to it. It works similar to people who drink alcohol, smoke cigarettes, and abuse other drugs. Drug Screen Compliance offers certified DOT and Breath Alcohol collectors that can help keep your company a drug free safe environment by going out to your locations. We want to make sure that you keep in compliance with the Department of Transportation and avoid any accidents due to illegal substances. Please contact your local office and schedule your onsite today.
