VOLUME 58 **JULY NEWSLETTER 2024** ISSUE 07

## Have you or your driver been pulled over by the Department of Public Safety?

Do you know... That if you get pulled over by the Department of Public Safety, they ask and verify if you are currently registered with the Clearinghouse? Did you also know that if you get served with a DOT audit and you are not registered with the clearinghouse you can get hit with a huge fine to up to \$5000? I'm afraid a lot of trucking business have yet to know what the Clearinghouse is! The Clearinghouse's main purpose is to identify if a potential new employee has previously been flagged for having a previous positive drug or alcohol test. This great new system not only helps you identify their violations but also gives the donor the chance to get back to work. The employee will have a chance to take the substance abuse program (SAP) and will allow us to document his return to duty process as well as his follow-ups. The Clearinghouse is made to give you a piece of mind and keep track of their process along the way. You can start your Clearinghouse account with us today, let us handle your initial, and annual queries and avoid the headaches of getting fined. We have a great Random program that will guide you through the process and can also set you up for the Random Consortium (Required by FMCSA). Let us be your one stop shop and keep your business drug free. For additional information you can contact our Random Department to 432-332-9421 ext:121, ext:123, ext:116.

## Beware of over-the-counter Drugs (Kratom & Delta 8)!

Kratom and Delta 8 are known to be the gas station plant-based supplements. They're not illegal, but they also not regulated or approved for consumption or use. This product is highly addictive and health officials say they're being abused by younger and younger users, including in some cases with terrible consequences. Both products are not regulated so you don't know the purity of the substance and its being sold over the counter literally at your nearest gas station. We are currently testing for both kratom and delta 8 products! Don't let your loved ones get caught up with these drugs and have them tested today.

**We are Now offering Supervisor Awareness and DER (Designated Employer Rep) Class in English and Spanish!**

**Classes are required from the Department of Transportation. Contact our office and sign up today!**
