VOLUME 58 **AUGUST NEWSLETTER 2024** ISSUE 08

Celebrating 58 Years in business!!!

What a Great way to start August, celebrating 58 years in business with our Health fair! If you didn't know our health fair is a great way to monitor your health at a fraction of the price of regular blood testing. Blood testing is one of the most important ways to keep track of your overall physical well-being and helps doctors diagnose different diseases, monitor chronic conditions, assess your organ function, and determine your immune system strength. Results are sent via email, mailed, or fax depending on your request within 7 to 10 business days.

We have proudly been in business for 58 years giving our clients the peace of mind to get an employee to or back to work, giving parents the information they need to keep their kids on the right path. Advising our community about the new drugs hitting our streets that our kids don't even know are deadly to them is what we are here for. Parents, back to school is right around the corner and we have you covered! We offer a variety of test to keep your loved one's drug free. If you would like additional information, please contact our office at 432-332-9421

Rapid Drug Test Available!!!

Rapid Drug testing is, simple, immediate, and inexpensive. It is a great solution for private companies, institutions, and schools that perform pre-employment, drug testing, or wish to test existing employees. Also, it can be difficult to watch our loved one's struggle with unhealthy habits. To provide the needed support to help them overcome those unhealthy habits, these rapid drug tests can give us a place to start and a tool to monitor their progress. We currently offer 6 and a NEW 12 panel rapid drug test that includes FENTANYL at all our 6 locations where results can be given to you within minutes!
