Beware of Delta-8 Products!

It's essential to understand how Delta-8 products may affect you when it comes to workplace drug screenings, athletic testing, or other situations that require drug testing whether anyone is considering using it for recreational purposes, medical use, or simply curiosity. It is important for consumers to be aware that delta-8 THC products have not been evaluated or approved by the FDA for safe use in any context. Delta-8 products can contain 0.3% or less of THC to be sold in stores, it is still not regulated, and it is unknown how much it really carries. This has been a very controversial discussion in the drug testing field, we have had many instances where people come back positive and claim they have never used THC without realizing that the product they bought down at the gas station carries more THC than it claims to have. Products like this have had many effects in our community, they are not safe and regardless of their legal status you may still be charged of driving impaired, in many cases, people have even lost their CDL license by not doing their research and due diligence. Don't let this happen to you or your employees get your staff tested today we have a specific Delta-8 test besides many other testing panels. Let us guide you in the right direction to help keep you, your family, and your company safe and drug free. If you would like additional information, please contact our office at 432-332-9421.

Rapid Drug Test Available!!!

Rapid Drug testing it is, simple, immediate, and inexpensive. It is a great solution for private companies, institutions, and schools that perform pre-employment, drug testing, or wish to test existing employees. Also, it can be difficult to watch our loved one's struggle with unhealthy habits. To provide the support needed to help them overcome those unhealthy habits, these rapid drug tests can give us a place to start and a tool to monitor their progress. We currently offer 6 and a NEW 12 panel rapid drug test that includes FENTANYL at all our 6 locations where results can be given to you within minutes!
