VOLUME 59 **JUNE NEWSLETTER 2025** ISSUE 02

### **New Products and Services offered!!!**

Employee drug testing plays a vital role in fostering a safe, productive, and compliant workplace. It ensures that businesses operate efficiently while minimizing risks related to drug and alcohol accidents. Drug testing is key to risk management for industries where safety is primary, such as construction, transportation, and healthcare. However, its benefits extend across sectors, offering a proactive approach to maintaining workplace integrity and protecting organizational reputation. This is why we have focused on adding new products like the new and most up to date Breath alcohol machines and training for it. Another very important class that we suggest to all our current and new clients is our DER (Designated Employer Representative) class. This is required for all trucking companies who hold a DOT number and are registered with the Federal Motor Carrier Safety Administration. The DER's job is to make the required decisions in the testing and evaluation process, they determine if someone must be removed from any safety sensitive position. Contact our office today and get your employees registered for the upcoming classes that are now also covering the new Breath Alcohol machine training.

**We wanted to thank all our current and new clients that have recently registered, for trusting our team to keep them compliant. We appreciate you for joining the Drug Screen Compliance Team!**

### **Confidential Rapid Drug Test Available!!!**

Rapid Drug testing: it is, SIMPLE, IMMEDIATE, and INEXPENSIVE. It is a great solution for private companies, institutions, and schools that perform pre-employment, drug testing, or wish to test existing employees. Also, it can be difficult to watch our loved one's struggle with unhealthy habits. To provide the support needed to help them overcome those unhealthy habits, these rapid drug tests can give us a place to start and a tool to monitor their progress. We currently offer 6 and a NEW 12 panel rapid drug test that includes FENTANYL at all our 6 locations where results can be given to you within minutes!
