**“The Permian Basin has the highest rate of fatalities due to DUI’s in West Texas!”**

Driving under the influence is the leading cause of fatalities in the US, we are learning that drunk driving took the lives of more than 13,000 in the last year, and the numbers just keep getting higher. We are losing family, employees and people we love to tragic and avoidable crashes, driving under the influence is a factor in almost a third of all road injuries, which are the leading cause of and 29. Even just a few drinks in, drivers are concentration, coordination, and ability to accidents as a result. The Permian Basin is crashes due to driving under the influence in least one death in the Permian Basin. As for crashes was seven per 1,000, in other words Permian Basin than in the rest of Texas.
