60 Years of Keeping West Texas Safe & Compliant!

June is National Safety Month, making it the perfect time to recognize the importance of safe workplaces, responsible decisions, and strong community partnerships.

For 60 years, we have proudly served West Texas with one mission: helping keep companies, employees, families, and communities safe and compliant. From drug and alcohol testing to workplace compliance services, our commitment has never changed providing dependable service, trusted knowledge, and customer care you can count on.

Summer brings increased travel, seasonal hiring, longer workdays, and added workplace risks. This makes compliance and safety more important than ever. Whether you manage a transportation fleet, oilfield crew, construction site, school district, or local business, maintaining a drug-free workplace protects both your employees and the public.

What sets us apart is not just our experience it is our dedication to our customers. We believe in doing things the right way, staying current with regulations, and treating every client like family. After six decades of service, we are proud to say that our reputation has been built on trust, consistency, and care.

You won't find a better partner in West Texas. We are grateful for the businesses and families who continue to trust us year after year, and we will continue striving to provide the highest level of service possible.

Thank you for allowing us to serve you for 60 years and for helping us continue the mission of keeping workplaces safe, compliant, and prepared for the future.
